BROADWAY

FLEXSTEEL®

Clean lines and plush elegance.

Broadway is an off-the-floor style, designed to look like stationary furniture, yet has power reclining functionality. This group features a square arm and side for a clean, architectural look. The Blue Steel Spring ensures this piece is in it for the long-haul. Broadway's slightly angled back provides ideal support for watching a late night movie or taking a quick nap.

- Power allows you to smoothly recline to any position and adjust the headrests
- Charge your electronics with the provided USB port in the power button
- A high-density cushion provides a supportive seat

Warranty Information
