#### PURE COMFORT CUSHIONS

**BLDOWN** Blend Down cushions feature a foam core surrounded by an envelope filled with a blend of goose down, goose feathers, and polyester fiber.

**SPDOWN** Spring Down cushion construction is similar to the Blend Down, yet the center of the foam core is replaced with individually wrapped, fine gauge coils.

**SUPPORT** A firm feel with a supple initial sit, our Support Cushion is designed to sit on, not sit in. It offers a more upright seating position and ample support.

**LOUNGE** A plush feel with midrange sink-in, our Lounge Cushion provides decadent comfort, crafted with premium high-resiliency foam that stays plump and invites relaxation.

**PREMIER** Our Premier Cushion was designed exclusively by Bassett and features two layers of Reaxion™ Foam. It's soft yet responsive with a deep sink-in, keeping you comfortable for hours on end.
